

## **DFS Green Appoints Wayne Whitzell as Vice President of Corporate Sales**

*DFS Green*

Wednesday, February 5, 2014 ~ FOSTER CITY, CA.

Foster City, Calif.--(BUSINESS WIRE)--DFS Green, Inc., a leading provider of maintenance and restoration services for business interiors, today announced the appointment of Wayne Whitzell, LEED AP, BEP, GBO, as Vice President of Corporate Sales. As a key member of the DFS management team, Wayne will provide leadership and support of the company's effort and commitment to extending its service excellence across new business and customer bases.

Cory Ravid, CEO of DFS Green, said "DFS is pleased and excited to add another talented industry veteran to bolster our infrastructure. Wayne will bolster our mission to become the leading provider of services that utilize innovative processes and technologies which combine to deliver healthy, attractive, and sustainable workplaces. We offer best-in-class, environmentally safe products and processes for the maintenance and restoration of business interiors. Our featured services will include carpet maintenance and protection, hard flooring surface restoration, grout cleaning and sealer, and cleaning and protection of furniture and panel systems."

"Wayne is a prominent industry executive with extensive experience in identifying and developing business relationships," Ravid added. "He brings over twenty years of comprehensive business interior expertise to DFS. Wayne's experience has predominantly focused on serving a diverse client base throughout North America in both the corporate and governmental sectors. Wayne has earned a reputation in the facilities management community as a champion of sustainable business practices. He is a LEED AP, Certified Business Energy Professional (BEP), and Certified Green Business Operator (GBO) and is a frequent speaker at numerous regional and national O&M events. DFS will benefit greatly from Wayne's exceptional ability to drive growth in our business model through the development of new markets and opportunities."

### **About DFS Green, Inc.**

DFS Green is a leading provider of consulting and fulfillment services which assist our clients in specifying, maintaining, and restoring business interiors. DFS Green is an exclusive distributor of ResisTech™, the industry's leading chemical solution for carpet maintenance, Grout ReNew™, a proprietary colored grout sealer, and FiberGuard™, a proprietary cleaner and protectant for furniture and panel systems.

DFS Green and its sister company, DFS Commercial, a StarNet Commercial Flooring Member, are both headquartered in Foster City, California. More information on DFS can be found at <http://www.dfsgreen.com> or by contacting company headquarters at (888) 559-2201.
